Coordinated by the Northeast Indiana Corporate Wellness Initiative, this seminar was designed to empower corporate decision-makers with the tools, knowledge, and resources necessary to build wellness initiatives in their own organization. Committed to improving the health of the community, Parkview is offering free body fat composition assessments, nutrition, exercise and other wellness information, as well as blood pressure screenings at the Fort4Fitness Health Fair.

The two-day Health Festival, comprised of the Health Fair and Healthy Food Expo, is open to the general public. This event features local and national health and fitness organizations, along with many local restaurateurs showcasing the best in healthy cuisine.
